A close-up photograph of a pair of diamond teardrop stud earrings. The earrings are made of 18K yellow gold and feature a double teardrop open frame design. The inner curve of each teardrop is pavé-set with round brilliant-cut diamonds. They are resting on a dark, rough-textured surface, possibly a piece of stone or wood.

A lifestyle photograph of a woman with long, dark brown hair styled in a low bun. She is wearing a dark grey blazer over a light-colored blouse. She is looking off to the side with a thoughtful expression, her hand resting near her chin. She is wearing the diamond teardrop stud earrings. In the background, there is a desk with a pen and a notebook, and some greenery is visible on the left.

A photograph of the diamond teardrop stud earrings lying on a white, draped fabric surface. A small sprig of green pine needles is placed to the left of the earrings for scale and aesthetic contrast. The earrings are shown from a slightly elevated angle, highlighting their design and the pavé diamond setting.
